RED CROSS WORK.

This afternoon at four o'clock the dressed by Rev. Reuben Meredith, who has prepared himself to give and extremely interesting discourse upon the work of the Red Cross, locally, as well as nationally.

The need of strong decisive work in the interest of the Red Cross, both in financing the national association, and in doing personal work at the local headquarters, is so apparent that none can disregard the call.

Fortunately few, if any, of our sons will be called to the front, and so it is all the more imperative that we do "our bit" in furnishing the where-with that may comfort and restore the sick, wounded and maimed, of our own people.

CHOLERA MORBUS

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyeart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."
